The end in view, if we understand it aright, the establishment and maintenance of a "Sailors Home" and "Bethel," for the double purpose of providing for this meritorious but neglected portion of our fellow-citizens, a home under proper regulations, and of affording them opportunities of religious and moral instruction.

The Register says that on Thursday, the 23d-after the Senatorial bill had passed its second reading, and when an effort was made by the revolutionary leaders to suspend the rules and force it through its third reading before twelve o'clock, the hour fixad for adjournment-the Democrats opposed the suspension of the rules, and that " Messrs. Hill. Strange and others of the locofoco leaders, talked against time, so as to consume all the moments left

before twelve o'clock." The impression is here sought to be created that these gentlemen were parties to the revolutionary movement. Nothing could be more unfounded or unjust as the facts will show. On Wednesday, the 22d, after the Senatorial bill apparent that Mr. Reid's bill would pass if a vote could be had upon it. on motion of Mr. Puryear, the whole matter was referred to a select committee of two, with directions to report that afternoon. The night session came, and it was announced by Messrs. Cherry. At an early period of the night session a message was rejoint Resolution to adjourn at twelve o'clock; but to the House, though by doing so he could at once consumed. have put an end to the disgraceful scene which was being enacted by some of his party friends. When half past eleven arrived, nothing having been effected. Col. Poryear-as had been arranged, no doubt. from the beginning by the Speaker and himself-introduced a Resolution to send a message to the Senate to rescind the Resolution to adjourn at twelve o'clock that night, provided the Senate would agree to adjourn at twelve o'clock next day. When the vote had been taken upon Mr. Puryear's Resolution, and a message had been received from the Senate concurring in it, Mr. Strange, of New Hanover. moved to send a message to the Senate to rescind the Resolution to adjourn the next day at twelve o'clock; and le made this motion for the obvious purpose of preventing the re-enactment on Thurslay of the scenes of Wednesday night : but before the vote was taken on his motion, the House adjourned. On Thursday morning Mr. Strange's motion came up first in order, as the unfinished business but at the request of Mr. Martin, of Franklin, be withdrew it to make way for a Resolution introduced by him, to the effect that the Senatorial bill should be taken up and considered until half past eleven o'clock; and that, when this time had elapsed, Mr. Strange's motion should be taken up and acted upisfied the Whig leaders, and the bill. as amended, to an election. passed its second reading; and the Speaker then deeided that, by force of Mr. Martin's Resolution, the rules were suspended and the bill could be put upon its third reading.
